

Following Crurated's successful launch of an exclusive large-format collection featuring both Domaines Dujac and Arnoux-Lachaux, the shared journey continues. A luxurious, limited-edition capsule clothing line has now been born from the fruitful collaboration between the esteemed French winemakers and renowned design label, SSAM – and, as a Crurated member, you receive an exclusive first look.

The result of an authentic friendship, a passion for thoughtful production methods and a shared commitment to excellence, the new Precious Merchandise Project was created when brand founders Jeremy Seysses, Charles Lachaux and Flavio Girolami (of SSAM) shared a meeting of minds in the vineyards of Burgundy in the summer of 2023.
